**Text Messaging**

We are looking for inexpensive and effective means to contact youth/young adults and remind them about activities, as well as to stay in touch between gatherings. Text messaging can provide an excellent means for this communication, but we don't want to cause problems with your cell phone bill.

**Will you allow your youth/young adult to receive text messages from NC Youth Group? Yes No**

**Facebook**

Neighborhood Church would like to set-up a Facebook Page for Youth only. **Access to the site will be limited to members of the group who have registered and been approved by the site moderator**, Tripp Fuller (youth minister) All posts and photos will be reviewed and approved by Tripp, or a designated adult, before they are visible to other users. We understand family concerns about social networking sites and will provide careful oversight to ensure the safety of your child on the NC Facebook page.

**Is/are your youth/young adult permitted access to Facebook? Yes No**

**We Want Your Feedback:** We care about Parental input and want yours.

What questions do you, or your children, have about the Youth Program at Neighborhood Church?

What do you want your youth/young adult to get out of the Youth Group experience?

What are some topics or important issues that you would like to see addressed in a Youth Group environment?

Anything else you want to tell us?

I/We authorize our Youth/Young Adult member of The Neighborhood Church Youth Group to receive text messages and access to the Facebook page specific to the Youth Group.
